SUBJECT: Senior Intelligence Service Positions
National Intelligence Council

1. Action Requested: Your approval to establish the positions of National Intelligence Officer (NIO) for Narcotics and Assistant National Intelligence Officer (ANIO) for Narcotics at the SIS-04 and SIS-1/3 level respectively.

2. Background: As outlined in the attached memorandum from the Chairman, National Intelligence Council (NIC), the position of (NIO) for Narcotics was created effective 3 February 1986. By pattern all NIO positions are graded at the SIS-04 level. This position was created by dividing the duties of the NIO for Counterterrorism and Narcotics, which will be retitled NIO for Counterterrorism. SIS position ceiling for the new position will be reallocated from SIS-04 position in the NIC Analytic Group.

STAT

The NIO position from which the new position was created had associated with it two ANIO positions, one at the SIS-1/2 level dealing exclusively with narcotics and one at GS-15 dealing exclusively with counterterrorism. The SIS-1/2 narcotics position will move to accommodate the ANIO for Narcotics.

3. Recommendation: It is recommended that you approve the following:

a. Establishment of the position of NIO for Narcotics at the SIS-04 level, using ceiling from SIS-04 which is currently located in the NIC Analytic Group.

STAT

b. Establishment of the position of ANIO for Narcotics at the SIS-1/2 level by moving the SIS-1/2 position performing those duties from its current location under the old NIO for Counterterrorism and Narcotics.
